MURDER OF CZAR'S "HANGMAN" MARKS NEW TERROR REIGN

Widespread Treachery in Russian Military Court Enables Plotting Terrorists to Reach Notables on Their Death List.

Lieut.-Gen. Vladimir Pavloff, slain to-day, was the Military Procurator or Advocate General, and generally known since the days of the late Parliament as "Hangman Pavliff," from the epithet constantly applied to him by the Radical Deputies. He was shot and killed at 10 o'clock was this morning while walking in the garden of the Chief Military Court Building, near the Moika Canal.

Sight of Eye Destroyed by Disease Worse—In Agony Eight Months
— Parents Discouraged, Until
They Tried Cuticura Remedies

IN ONE WEEK ALL SORES DISAPPEARED

"Our little girl, one year and a half old, was taken with eczema or that was what the dector said it was. We called in the family dector and he gave some tablets and said she would be all right in the family doctor and he gave some tablets and said she would be all right in a few days. The eczema grew worse end we called in doctor No. 2. He said she was teething, as soon as the teeth were through she would be all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was nothing but a yellow, greenish sore. Well, he said he could help her, so we let him try it about a week. One morning we discovered a little yellow pimple on one of her eyes. Of course we phoned for doctor No. 3. He came over and looked her over and said that he could not do anything more for her, that we had better take her to same eye specialist, since it was an ulcer. So we went to Oswego to doctor No. 4, and he said the eyesight was gone, but that he could help it. We thought we would kry doctor No. 5. Well, that proved the same, only he charged \$10 more than doctor No. 5. Well, that proved the same, only he charged \$10 more than doctor No. 5. We were nearly discouraged. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set of Cuticura Hemedies, which cost me \$1, and in three days our daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. Of course it could not restore the eyesight, but if we had used Cuticura in time I am confident that it would have saved the eye.
